

[Mayflower Cabana](#) | [Bocawina Cabana](#)

Note: We haven't been able to get photos of this wonderful little cabana yet. It's been full most of the time. It's exactly like the Mayflower Cabana except for the color of the exterior and a few details of the interior. We assure you that it's going to be the sam excellent quality though and we'll update it as soon as we can!
