

Hopkins offers private guided tours available for parties of 6 or less. On the way to the second largest barrier reef in the world for an afternoon filled with amazing snorkeling, your guide will take you to hidden waters and quiet cays that the larger boats cannot maneuver. The day is yours -- so stop anytime for a swim, to bird watch or simply lie in the sun. Bring your catch home and grill it on our BBQ and enjoy the freshest and tastiest fish ever! The tours includes lunch, water, mask and fins.
