

The golf cart is a fun way to explore the villages of Hopkins and Sittee River. Stay cool under the shade of the golf cart's roof while enjoying the fresh air and ocean breezes. Make sure to stop and have a cold drink at one of Hopkins many watering holes during your adventures. There are several restaurants in the area as well as a vegetable stand and several convenience stores within a short drive from the Guest House . . . or just take a leisurely drive and get in touch with nature. Both four and six person golf carts are available from single to multiple day excursions around Hopkins Village. Contact Janette +501 661-7444
